## **WELCOME**

Dear Montessori Parents,

Welcome to the Montessori School of Sudbury. You are about to embark upon an educational experience that will benefit your child throughout his or her entire life.

The School has been built on a foundation of excellence thanks to Maria Montessori's educational philosophy, our trained staff and most of all, the parents who give generously of their time and talents. We are very proud of our fine reputation in this community.

This Parent Handbook has been developed as an introduction to the Montessori School of Sudbury and the Montessori Method. We encourage you to read all of the enclosed. We are sure that you will find the information not only informative, but will also aid you and your child in having a successful year.

Congratulations on choosing the Montessori Education as an alternative for your child. We look forward to a wonderful year.

Regards,

Board of Directors  
Montessori School of Sudbury

## **VISION STATEMENT**

To enhance the lives of children, families and society through a peaceful, diverse, Montessori-guided education where children gain appreciation and respect for themselves, nature, the arts, humanity and the community in which they live.

## **MISSION STATEMENT**

To be the best pre-elementary and lower elementary school in the City of Greater Sudbury.

The Montessori School of Sudbury strives to cultivate each child's natural desire to learn and to foster a natural curiosity and a love of knowledge. Guided by the work of Maria Montessori, we create a child-centered environment where children are inspired to realize their academic, personal and social potential.

## **VALUES**

- honesty, integrity and leadership
- independence and confidence
- compassion and kindness
- excellence in teacher training and qualifications
- safety and security in a caring school environment
- respect for life and the environment
- quality and excellence in everything we do
- peace and cooperation throughout our local and global community

## **OUR GOALS**

The Montessori curriculum varies by program, but the following goals are consistent throughout our school:

- To encourage the self-motivation and self-discipline that will lead to a life-long pursuit of knowledge.
- To lead children to mastery of precisely identified intellectual, social and physical skills.
- To enter into a partnership with parents in the education of their children.
- To help children develop a positive self-image as the key to the development of their full potential.
- To foster open minds, compassion and respect for others.
- To balance self-reliance, independence and freedom with the skills of working cooperatively.
- To instil in each child a sense of duty and personal responsibility for the world in which we live.
- To spark our children's imagination, wonder, humour, and joy.

## **FUNDAMENTAL PRINCIPLES**

**Montessori education is grounded in the following principles:**

1. Children are to be respected as different from adults and as individuals who differ from each other.
2. Children possess unusual sensitivity to and mental powers for absorbing and learning from their environment.
3. The most important years of growth are the first six years of life, when unconscious learning is gradually brought to a conscious level.
4. Children have a deep love and need for purposeful work. The child works for the sake of the activity itself and it is this activity that accomplishes the most important goal for the child: the development of his or her mental, physical and psychological powers.

## **SCHOOL HISTORY**

The Montessori School of Sudbury was incorporated as a non-profit organization in 1978. Originally at St. Andrew's Place, the school quickly outgrew these accommodations and moved to John Street in 1981. The school remained here for 17 years, until it grew once again requiring larger facilities. In the fall of 1998, it moved to 295 Victoria Street, formerly known as King George School.

The Canadian Council of Montessori Administrators (CCMA) recognizes the Montessori School of Sudbury. This association maintains, propagates and furthers the ideals and principles of Dr. Maria Montessori for education and human development irrespective of racial, religious, political and social environment. The Ontario Ministry of Education also recognizes the school as a private school.

The Pre-Casa, Casa and Toddler programs follow the Day Nurseries Act of Ontario and are bound by the Ministry guidelines and regulations. The program is licensed every year under the Ministry of Education. The Lower Elementary Program is a licensed Private School which meets and complies with the necessary requirements. Along with Ministry requirements and inspections, the school must also adhere to strict requirements and inspections from the Sudbury and District Health Unit, the City of Greater Sudbury Fire Services and yearly playground inspections.

The Montessori School of Sudbury owes much of its success to the original founders, the ongoing enthusiasm and dedication of parent members and to the Board members over the years that have devoted much of their time to developing and managing the growth of this School. Finally, and most importantly, the dedication and commitment of the teaching staff has been critical to the ongoing growth and health of this organization.

## WHAT MAKES MONTESSORI EDUCATION UNIQUE?

1. The “Whole Child” Approach: The primary goal of a Montessori program is to help each child reach his/her full potential in all areas of life. Activities promote the development of social skills, emotional growth and physical coordination as well as cognitive preparation. The holistic curriculum, under the direction of a specially prepared teacher, allows the child to experience the joy of learning, ensures the development of self-esteem and provides the experiences from which children create their knowledge.
2. The “Prepared Environment”: In order for self-directed learning to take place, the whole learning environment—room, materials and social climate—must be supportive of the learner. The teacher provides necessary resources, including opportunities for children to function in a safe and positive climate. The teacher thus gains the children’s trust, which enables them to try new things and build self-confidence.
3. The Montessori Materials: Dr. Montessori has designed a number of multi-sensory, sequential and self-correcting materials based on her observations of the activities that the children enjoyed the most. These materials facilitate the learning of practical skills and abstract concepts.
4. The Teacher: The Montessori teacher functions as designer of the environment, resource person, role model, demonstrator, record-keeper and meticulous observer of each child’s behaviour and growth. The teacher is known as the Directress.

## THE VALUE OF A MONTESSORI EDUCATION

Doctor Maria Montessori, one of the most important educators of our time, emphasized the need for early education. More recently, educational research has verified that the early years are the most important of the child's life for the development of a strong knowledge base.

In the Royal Commission on Education report The Love of Learning, (1995), Caplan and Bégin stress the importance of early learning. They recommended the Ontario Ministry of Education and Training implement school programs for children three years of age rather than the current four years of age. In his book, Emotional Intelligence (1996), Daniel Goleman acknowledges (with research and evidence) the importance of attending to the emotional development of the child. He believes, like Dr. Montessori, that the purpose of education should be an aid to life that independence, joy, meaningful activity, self-discipline and co-operation are crucial attitudes and skills that enhance learning. More importantly, the emotionally healthy child will succeed in life far better than those with intellectual skills but poor emotional skills. While none of this is new to the Montessori professional, it is refreshing to read this report and this book to ponder the practical insights and suggestions.

The recent realization of these facts and the growing awareness of the world's complexities are leading parents to seek a Montessori education for their children. More than just an early education, these parents are seeking the best education available. The Montessori School of Sudbury, like other Montessori schools around the world (Italy, Hong Kong, Mexico, etc.), provides a program especially suited to the needs of the child. The method offers individual attention to the whole development of the child and the foundation on which the child can build his or her future success and happiness.

Montessori attitudes and philosophy are most consistent with the needs of the child in the process of developing and learning. Montessori's educational theories are based on natural laws of development and then correlated for use as an educational system consistent with these laws.

Dr. Montessori's experiments made the child the centre of education, her program is adapted to the interests and needs of children. As a result, children concentrate with enthusiasm and achieve a real and profound understanding of their work. This intellectual progress is accompanied by emotional growth.

The children become harmonious in movement, independent in work and honest and helpful with one another. The three R's at the Montessori School of Sudbury are: Respect, Responsibility and Research.

## **SCHOOL GOVERNANCE**

*Please refer to the School Bylaws for a complete listing of responsibilities and duties.*

### **A) Board of Directors**

The Montessori School of Sudbury is governed by a volunteer Board of Directors, comprised of parents of students in the school and non-parent members of the community who have demonstrated an interest in the welfare of the school. They provide leadership by demonstrating care and commitment to academic excellence and a safe, nurturing learning environment.

**Once elected a Board member may serve for a 3 year term and may be re-elected for an additional 3 year term to a maximum of a 6 year term.**

### **B) Administrator**

The Administrator, who is hired by the Board of Directors, is the administrative head of staff. The Administrator is responsible to the Board of Directors for the general management of the school, and for the implementation of the policies. The Administrator holds everyone under their authority accountable for their behaviour and actions.

### **C) Directress**

Directresses and other teaching staff, under the leadership of the Administrator, provide academic leadership within the classroom and encourage the growth and development of each individual student in their care.

### **D) Parent Membership**

Each parent or guardian of a registered child is an automatic member of the Parent Membership. A member shall be the parent(s) or guardian(s) of a child currently registered at the Montessori School of Sudbury and who has paid his/her/their fees and complied with the duly authorized regulations of the School. Both parents/guardians shall constitute a single Membership for the purpose of voting at the annual General Meetings which take place in the spring and the fall.

Parents play an important role in the education of their children and have a responsibility to support the efforts of the school staff in maintaining a safe and respectful learning environment for all students.

## **ORGANIZATIONAL STRUCTURE**

The Montessori School of Sudbury is a non-profit pre-school licensed by the Province of Ontario. To maintain its status and continue operating, it must meet the legal requirements named within that legislation. The school is registered with Revenue Canada as a charitable organization.

Overall responsibilities for the legal and financial operation of the school rest with the Board of Directors. The Board is elected by the parent membership of the school. On occasion, Board members are acclaimed. There are ten members on the Board, five of which are parent members and five of which are members-at-large. The school's Administrator sits on the Board ex-officio. The Board meets on average once a month.

The Board delegates to the Administrator its responsibilities for the month-by-month legal and financial operations of the school. Committees are formed on an ad hoc basis to deal with specific issues. Parents and staff input and participation are integral parts of this structure.

The day-to-day management of the school is the responsibility of the Administrator who reports directly to the Board of Directors.

Major policy is established by majority vote of the members at the two General Meetings held during the school year. All parents are expected to attend.

## **STANDING COMMITTEES**

### **Audit Committee**

Through semi-annual audits and random spot check, the Audit Committee is able to assess the Montessori School of Sudbury's compliance with the CCMA, Day Nurseries Act and PQI requirements. Further, the Audit Committee is tasked with making recommendations to help ensure and improve compliance by the Montessori School of Sudbury. Audit Committee members work closely with Montessori's Administrator and report to the Board of Directors at the Montessori School of Sudbury.

### **Building and Grounds Committee**

The Building and Grounds Committee is comprised of individuals with experience dealing with facility/grounds maintenance and contractor relations. Members of the Building and Grounds Committee work closely with the Administrator at the Montessori School of Sudbury by providing advice and guidance related to work and/or projects undertaken by the School.

## **Fundraising Committee**

The Fundraising Committee meets monthly to discuss, plan and organize fundraising activities. From monthly gift basket draws to Montessori's Annual Denim and Diamonds Gala, the fundraising Committee engages in both small and large events. Further, events such as the annual Gala and Montessori's participation in the Santa Claus Parade heighten our public exposure as a caring, involved community partner.

An effective Fundraising Committee is vital to the life and financial well-being of the Montessori School of Sudbury. The function of the Fundraising Committee is centered on building relationships within the community and organizing fundraising activities. Both of these functions serve the purpose of exposing Montessori to the Sudbury community while raising funds for the special and ongoing needs of the Montessori School of Sudbury.

A member of the Montessori's Board of Directors sits on the Fundraising Committee and reports directly to the Board respecting the activities of the Fundraising Committee. Further, Montessori's Administrator is an active participant in all fundraising activities. As the public face of the Montessori School of Sudbury, the Fundraising Committee and its activities within our community are key to the success of our School.

## **ADMISSIONS**

*Parents are encouraged to visit the school and the classroom prior to enrolling their child. It is important for all parents to understand the Montessori approach.*

### **Non-Discriminatory Policy**

The Montessori School of Sudbury does not discriminate against applicants and students on the basis of race, colour and national or ethnic origin. Children with learning exceptionalities or physical disabilities will be considered for the program, provided they are physically able to participate in the classroom and its environment.

## **Terms of Admissions**

- Upon registration in each year of the program, parents are asked to pay two month's tuition in advance.
- Monthly Child Care fees are paid via post-dated cheques.
- Child Care fees are reduced by 10% for the second child registered and by 15% for the third registered child.
- An administrative charge of \$25.00 will be imposed for any NSF cheques.
- School absences for illness, vacations, transportation problems, etc., are non-refundable.
- The child must be 18 months (Toddler), 30 months (Pre-Casa and Casa), and 5 Years (Lower Elementary) upon registration. Parents or Guardians are required to attend an orientation session; these are separate sessions and occur prior to School commencement.
- Parents agree to participate in some capacity on one of the school volunteer committees.
- Siblings of current students are to be given first preference for vacancies in the school. Other vacancies are then filled by way of the waitlist.
- The Montessori School of Sudbury reserves the right to accept or reject any application for enrolment based on the above noted policies.
- The Board of Directors of the Montessori School of Sudbury reserves the right to terminate the enrolment of any child whose conduct or influence is continuously detrimental to the classroom environment.

## **Registration and Acceptance**

- Children who are applying for the Pre-Casa and Casa Program are required to complete a Waitlist Application. Each new student application is to be accompanied by a \$75.00 non-refundable fee. Although this fee is cashed, it does not indicate acceptance into the school. Existing students are not required to pay the administration fee.
- Re-registration applications are due to the school by May 31<sup>st</sup> of each year in order to secure your child's spot. Applications received after this date shall be placed on a waitlist for consideration after all applications have been processed.
- The Board of Directors determines monthly Child Care fees for each year at the Spring General Membership Meeting. A notice of procedure is sent home notifying parents of the new Child Care fees and the dates for re-admission. A new registration form is required to complete the re-admission process. Every attempt is made to suit parents' wishes with regard to morning or afternoon preference.

## **Child Care Refunds**

- Child Care fees shall be refunded pro-rated to the date of withdrawal at the approval of the Board of Directors. There is a non-refundable one month penalty on all withdrawals.
- The Child Care fees for the remainder of the month during which the child has withdrawn are non-refundable.

- Withdrawals for September 1<sup>st</sup> must be received on or before August 1<sup>st</sup> for a complete refund of June's tuition instalment for the commencing year.
- **Written notice must be given to the office 14 days prior to any withdrawal.**

### **Probationary Period**

There is a six-week probation period for new children to allow for adjustments. During this time the Directress may discover that the child is not ready for school. The parents will be consulted to attempt to find a way to remedy the situation. If there is no improvement, the school may request the parents to withdraw their child. In the case of a withdrawal, the tuition fees will be adjusted and only applicable fees will be applied towards the child's tuition.

### **Financial Assistance**

Subsidized spaces in the Montessori School of Sudbury are available to qualified parents. Applications are made through the Children's Services Division of the City of Greater Sudbury.

## **PARENTAL RESPONSIBILITIES**

There are a few things that the school asks of you in order to help make the school a home away from home for your child!

Please bring the following to school:

- Two seasonally appropriate changes of clothing, each item labelled.
- Clothes are to be kept in the storage bag provided at each child's assigned hook.
- One pair of indoor shoes (rubber soled) that your son/daughter can put on by him/herself.
- Seasonal gear such as raincoats, mitts, hats, winter boots, etc.

Please do the following:

- Label, label, label... The school tries to help your child keep his or her belongings organized, but it is an impossible task if clothing items are not labelled.
- Dress your child in comfortable clothes that are washable and easy to get in and out of. This encourages them to be independent and is especially important for children who are learning to use the toilet. We recommend elasticized, pull-down pants.
- Dress your child in layers. Sudbury weather can change considerably over the day.
- **Do not send your child with toys from home.** Toys can get lost, broken or cause a disagreement.

As well, it's important to:

- Inform the school of any changes to the original information you supplied on the Registration form.
- **Inform the school if your child is going to be away for the day or for extended periods of time.**
- Notify your child's teacher of all changes to your pick-up or drop-off routine.
- Refer to this handbook if you're unsure of something!

## SCHOOL INFORMATION

### School Hours

The Office is open daily from 8:00am to 4:00pm. Parents are asked to make appointments with the Administrator to ensure enough time is allotted to fully address any concerns.

### Classroom Hours

Before School Session	7:30am – 8:15am
Morning Session	8:30am – 11:30am
Afternoon Session	1:00pm – 4:00pm
After School Session	4:00pm – 5:30pm

### Orientation

There is an Orientation Session for all **new parents**. Parents are encouraged to attend this session, as it is an excellent opportunity to meet the Directress/Supervisor, and also meet other parents. You are asked to be involved in your child's first day of school; the details of which are outlined during this session. You will receive a letter prior to the commencement of the school year outlining the Orientation Sessions.

### Start Dates

You will be informed of your child's start dates in August, prior to the school year. Please note that the 1<sup>st</sup> year students will start first prior to the returning students. This allows them to familiarize themselves with the classroom routines and materials and ease the transition into the program.

## **Staffing**

The school is staffed with a Directress in each classroom. Each classroom is also staffed with assistants to maintain a 5:1 ratio in the Toddler program and an 8:1 ratio of students to staff in the Pre-Casa and Casa programs. The Directress/Supervisor is responsible for the school's curriculum and supervision of all classroom staff. All staff, including the office staff, volunteers and Early Childhood Education students are required to pass a criminal reference check prior to working with the children. All staff have read and understood the Behaviour Management Policy, Confidentiality Agreement Policy and Playground Management Policy.

## **Arrival Routine**

Upon arrival to the school, we ask that you assist yourchild(ren)with their shoes, boots and outdoor apparel. Children are to be escorted to the classroom door, where they are to shake the Directress'/Supervisor's hand before entering the classroom.

## **Drop Off Hours**

Children in the Morning Session can be dropped off to the school between 8:15am and 8:30am. Children in the Afternoon Session can be dropped off to the school between 12:45pm and 1:00pm.

## **Parking Information**

We strive to keep traffic disruptions on Victoria Street to a minimum. Parking concerns generally arise after winter storms, so these guidelines will assist you in facilitating flow.

- If all vehicles are parked on the side of the road closest to the school, there will be room for others to drive past.
- If you know you are going to be in the school for any length of time to meet with teachers or chat with other parents, please park in the parking lot off Willow Street. Please ensure that you are not blocking any other vehicles in the parking lot.
- If you are parking on Victoria Street, we ask that you do not park in front of 292 Victoria, the white house across from the school.
- Please ensure that your children are close by at all times. In the winter, it can be difficult for drivers and pedestrians to see over snow banks.

## **Before- and After-School Programs**

Children who need to be dropped off between 7:30am - 8:15am can be placed in our **Before-School Program**. Parents who arrive to drop off prior to 8:15am will be required to pay for the Before-School Program at an additional cost not covered in the Child Care fees.

Children are to be picked up between 3:45pm and 4:00pm. Children who are not picked up by 4:00pm are automatically placed in the **After-School Program**. This Program is supervised by Montessori staff, and runs until 5:30pm. Parents who arrive for pick-up AFTER 4:00pm will be required to pay for the After-School Program at an additional cost not covered in the Child Care fees.

The Before-and-After-School Program is governed by the Day Nurseries Act and meets all government regulations in this area.

## **Tardiness**

To avoid disruption in the class caused by late arrival, parents are asked to ensure their child arrives at the school in a timely manner. Classes start at 8:30am, after which time the children will be considered late.

Parents reporting late to class with his or her child gives cause to the following:

- The child misses the opening activities of the day, as well as disrupting the teacher's work plan.
- The other students suffer as a result of these class disruptions; our students have the right to begin class on time.

If you know that you will be arriving late due to an appointment, etc., please call the office so that the teacher can be aware of your late arrival.

## **Notification of Absences**

In the event that your child will not be attending the School, please inform the School at your earliest opportunity. If the School Administrative Assistant is unavailable, please leave a voice mail message. Messages are checked regularly and the information is relayed to your child's teacher.

## **Authorized Pick-up**

Only those persons authorized to pick up will be allowed to do so. It would be appreciated to receive notice in the morning of any change in the person authorized for pick-up. A phone message will be acceptable. We will request ID if unsure of the person picking up your child(ren).

## School Calendar

School starts in September and ends in June. The School recognizes the following statutory holidays: Labour Day, Thanksgiving, Christmas Day, Boxing Day, New Year's Day, Family Day, Good Friday, Easter Monday and Victoria Day.

There is a Christmas and March Break that correspond with the public school's holidays. These dates along with specific Professional Development days will be supplied to parents along with the "Events Calendar" at the commencement of the school year.

## Grace and Courtesy

At the Montessori School of Sudbury, we are committed to developing the whole child, intellectually, physically and socially. The following areas will be reinforced in the child's social interactions with others:

- Greeting others, such as "Good morning!"
- Saying "Thank you!" when people do things for them.
- Establishing eye contact when speaking.
- Responding when spoken to, when their name is called and complying with requests.
- Holding the doors for others.
- Making way in the halls for younger children and adults.
- Waiting for a turn in line.
- Walking on the right in the halls and not talking when moving from one class to another.
- Entering another classroom quietly when making a request of the teacher.
- Respecting the environment.
- Working to reach out and be inclusive of others.

## Clothing

Parents are asked to keep two seasonally appropriate changes of clothing available at School for their child in the event of a spill or accident. **Clothes are to be kept in the storage bag provided at each child's assigned hook.** Parents should ensure that any soiled clothing is promptly replaced. A pair of indoor shoes, which are to be left at the school, is mandatory. Comfortable rubber soled shoes are best, crocs and slippers are unacceptable.

## Snacks

The daily snack schedule will be posted outside your child's classroom. The snacks will be nutritious and include a beverage (juice or milk).

## **Allergy Safe Policy**

The Montessori School of Sudbury prides itself on its safe and nurturing environment. To ensure that we maintain our high standards we have become an “allergy safe” school.

As an “allergy safe” school we do our best to make sure no peanut or nut bi-products are brought into the building.

**The Allergy Safe Policy is to ensure the health and safety of any students or staff members who may suffer from severe allergic reactions to specific products or their bi-products.**

The Montessori School of Sudbury operates as a **nut-safe** environment. **A careful reading of labels** of prepared foods, including cookies, muffins and similar baking **is necessary to avoid allergic reactions**. Please keep in mind that items from the bakery at the grocery store cannot be guaranteed to be 100% nut-safe. Children with these allergies can go into anaphylactic shock and the consequences could be deadly.

\*\* If your child has an allergy that we should be aware of (food or otherwise), please notify the office at the beginning of the school year or immediately when determined. \*\*

## **Hot Lunch Program**

The school provides a Hot Lunch Program for those children of the pre-school age. The Hot Lunch Program is optional for the school-aged children and may be requested at the time of registration. The meals are nutritious and follow Canada’s Food Guide recommendations. This program includes a Pizza lunch on Fridays.

## **Pizza Lunch**

Once a week, the school offers a Pizza Lunch. If you are interested in having your child participate in Pizza Days, please complete the pizza lunch form and return with payment by the requested date. The form is distributed at the beginning of each school year. Pizza lunch is included with the Hot Lunch Program.

## **Visitors to the School**

All visitors, parent volunteers and observers are required to report to the Front Office to sign in.

## **Child Observations**

All families are welcome to use the observation windows for the purpose of observing their child's program. Observers are kindly asked to make an appointment for an observation, in order to avoid disrupting students' schedules and school routines. **Please do not walk into classrooms without making prior arrangements.**

## **Birthday Celebrations and Invitations**

The School asks that birthday invitations not be distributed at school. Mailing the invitations or distributing them away from school grounds can minimize hurt feelings. Your child's birthday is celebrated in the class. Parents, if they wish, may bring in a special nutritious snack on the occasion of their child's birthday for the class to enjoy. It has been a tradition for the birthday child to donate a birthday gift (usually a book or a plant) to the class to celebrate his/her special day.

## **Valentine & Christmas Cards**

Although the exchange of Valentine's or Christmas cards may be commonly done in the public system, the School has found that the children are better served by not following this practice. If your child wishes to give Valentine's or Christmas cards, please ensure that the cards are mailed or delivered away from the school grounds.

## **Toys at School**

Sometimes children want to bring in something special from home that they may want to play with or share with the class. Bringing "treasures" from home is not encouraged in our school. Too often, despite our best efforts, precious things get broken, mishandled or misplaced. We ask that your child **not bring toys to school**. If your child has naps and has a blanket or comfort toy, please bring it with them for **nap time only**.

## **Field Trips and In-School Activities**

As part of our goal to provide children with "real", meaningful hands-on experiences, there will be times when we go on outings or have presentations in our school. Examples of previous field trips include Science North and the Sudbury Theatre Centre. Past in-school presentations have included the Sudbury Art Gallery, the Greater Sudbury Public Library and the Greater Sudbury Police Services.

## **Professional Development Days (P.D. Days)**

The Montessori School of Sudbury follows the same schedule as the public and separate school boards in regards to Professional Development days. On such days we are not open but will have a day care service available for parents who need it **at an additional cost**. Our day care services are not based entirely on the Montessori Philosophy. We are not open on statutory holidays or civic holidays. Parents will receive, at the beginning of the school year in their orientation package, an Events Calendar with a listing of the holidays and Professional Development days.

## **Snow Days and School Closures**

On occasion, weather conditions are such that it is necessary to close the School. The School will make every effort to contact all parents by phone if a decision is made to not open the School. If the public and separate schools are closed, the Montessori School of Sudbury will be closed. If the public and separate school buses are not running but the schools are open, the Montessori School of Sudbury will be open.

## **Graduation**

Graduation takes place after the student completes the 3 year Casa program. The celebration takes place in June of each year and a certificate is presented to the student.

## **Medical Condition**

In the event that your child has a medical condition which may affect his or her behaviour in the classroom or which may be triggered or exacerbated by any of the activities the child is likely to engage in at school, it is the responsibility of the parents to identify this to both the Administrator and the child's Directress.

All medications will be stored in locked containers in the Office or refrigerator. A Medication Form is required to be completed by the parents before any medications will be dispensed or stored.

## **Lost and Found**

We ask that all clothing brought to the school, especially removable items such as boots, mittens, scarves, jackets and shoes, be clearly labelled with your child's name. Please check the Lost and Found area on a regular basis to limit the number of items that are lost.

In June, items not claimed will be donated to a charitable organization.

## **Scholastic Book Club and Book Fairs**

Monthly book club forms are sent home with our students. For every order placed through these catalogues, our school receives coupons for free books and classroom materials. In our effort to promote literacy at home and school, we encourage you to consider making purchases of books that your child will enjoy reading with you.

## **Volunteering at the School**

A volunteer Board of Directors governs the Montessori School of Sudbury. It is because of the commitment of parents like you, that the School exists and thrives. Thanks to parent participation, the School is accountable and has high standards of achievement. There are several committees that we request parents volunteer for. These committees require very little of your time but can lessen the load for the teachers and office staff. They are as follows:

- Handyman/woman: Odd jobs including painting, shovelling, cleaning, odd jobs, etc.
- Sewing: Sewing class materials such as bags for the lockers, sheets for the cots, etc.
- Parties & Special Events: Organizing events such as the Christmas Concert, Halloween party, Spring Luncheon, end of year Family BBQ, etc.
- Fundraising Committee: Organizes fundraising events such as the Fall Wine Social, the Spring Tea and the Wine Gala, etc.
- Special Projects/Paper Cutting: These jobs can usually be taken home to do. Paper cut outs will be given to you to assist with classroom arts and crafts.

## **Smoking Policy**

Smoking and the use of tobacco products is prohibited at all times within the school building, as well as in the front of the building. There is a designated smoking area located at the rear of the building in the alley way.

## **PARENT COMMUNICATION**

Good communication promotes a sense of partnership. Your child's Directress/Supervisor is the first person to contact if you have questions about any situation concerning your child in the classroom. This should **not be done at drop-off or at pick-up**, but rather an appointment should be made to allow for the opportunity to properly address all concerns. In the event that you are not satisfied with the outcome of the meeting with the Directress/Supervisor, please bring your concern to the attention of the Administrator.

If you are still not satisfied with the response from the Administrator, then any issues may be brought to the attention of the Board of Directors in writing via the school's Administrative Assistant. Please remember that the Board of Directors do have full-time occupations and are not to be contacted at home or their place of business.

### **Report Cards**

Students will receive one Mid-Term Report and one comprehensive Final Report Card at the end of the school year.

### **Parent/Teacher Interviews**

Formal interviews are held twice a year (usually October and March) for students.

If there are times during which you wish to speak to your child's Directress/Supervisor, we encourage you to set up an interview time via telephone or written note.

**Our Directresses/Supervisors are always willing and pleased to meet with parent(s), however, we suggest that you avoid discussion at arrival and dismissal times, when the children require the full attention of the staff.**

## **Memos**

Another effective way for us to stay in touch is by reading our parent memos. They are distributed when there are events or activities taking place at the school that the parents/guardians need to be made aware of. These memos are distributed through paper copy as well as electronic copies and are aimed at sharing information regarding:

- The Montessori Program
- Upcoming events (i.e. field trips, meetings, luncheons, in-school presentations, P.D. Days, public holidays, etc.)
- Fundraising events
- Curriculum

## **CODE OF CONDUCT**

At the Montessori School of Sudbury, we strive to provide an environment that stimulates learning, is accepting of diversity and encourages students to develop respect for self and others. It recognizes that learning is facilitated when all members of the school community enjoy a safe, friendly and stable learning/teaching environment and treat one another with courtesy, dignity and respect.

These standards of behaviour apply not only to students, but also to all individuals within the School community – parents or guardians, volunteers, teachers and staff, whether they are on school property, on school buses or at school authorized events or activities.

Each member of the School Community has a role and responsibilities:

### ***Board of Directors and Administrator***

This body takes a leadership role in the daily operation of our school. They provide leadership by:

- Demonstrating care and commitment to academic excellence and a safe and nurturing learning environment.
- Holding everyone under their authority accountable for their behaviour and actions.
- Communicating regularly and meaningfully with all members of the school community.

### ***Directresses, Supervisors, Assistants and Volunteers***

This body maintains order in the School and is expected to hold everyone to the highest standard of respectful and responsible behaviour. As role models, they uphold these high standards when they:

- Help students work to their full potential and develop their self-worth.
- Engage in meaningful communication with parents.
- Demonstrate respect for all students, staff and parents.

## ***Students***

Students are to be treated with respect and dignity. In return, they must demonstrate respect for themselves and for all others. Respect and responsibility are demonstrated when a student:

- Comes to school prepared, on time and ready to learn.
- Shows respect for himself/herself, for others and for those in authority.
- Follows the established policies and takes responsibilities for his/ her own actions.

## ***Parents and/or Legal Guardians***

Parents or legal guardians play an important role in the education of their children and have a responsibility to support the efforts of the school staff in maintaining a safe, nurturing and respectful learning environment for all students. Parents fulfill this responsibility when they:

- Show an active interest in their child's school work and progress.
- Help their child be neat, appropriately dressed and prepared for school.
- Ensure that their child attends school regularly and on time.
- Become familiar with school policies.

## **DISCIPLINE POLICY / CONFLICT RESOLUTION**

The Montessori School of Sudbury is a school promoting responsibility, respect and academic excellence in a safe and nurturing learning environment.

All students, parents and teaching staff have the right to be safe and feel safe in their school community. With this right comes the responsibility for students and teaching staff to be accountable for actions that put the safety of others or oneself at risk.

The Montessori School of Sudbury believes that every student has the right to an education without disruption, along with the equally important responsibility not to deny this right to any other student.

The Montessori School of Sudbury's Discipline Policy focuses on encouraging positive student behaviour. It is expected that a firm, fair and consistent application of this policy shall prevail in our School.

When any part of the Behaviour Management Policy is implemented, proper documentation of all and any information relating to an incident and the staff contravention is necessary in a daily written record.

*Montessori Philosophy demands respect:*

1. **Respect and treat others fairly, regardless of race, ancestry, place of origin, colour, ethnic origin, financial status, religion, gender, age or disability.**
2. **Respect the rights of others.**
3. **Show proper care and regard for our school property and the property of others.**
4. **Take appropriate measures to help those in need.**
5. **Respect persons who are in a position of authority.**
6. **Respect the need of others to work in an environment of learning and teaching.**
7. **Demonstrate honesty and integrity in achieving excellence.**
8. **Respect differences in people, their ideas and opinions.**
9. **Treat one another with dignity and respect, at all times, and especially when there is disagreement.**

With this understood all members of the School community are to respect and comply with School policy.

#### **Definition and Recourse of Inappropriate Behaviour:**

Definition of Inappropriate Behaviour: Behaviour or general classroom disruption that interferes with the orderly educational process in the classroom, gym, hallway or playground. Failure to finish work, refusal to do work, silliness, interrupting others at work, fussing, using foul language, writing on school property, etc.

Recourse: Gentle direction by staff towards work that will engage the interest of the student. Contact parent by phone or in person in the case of repeated misbehaviour. Staff will record misbehaviour as it occurs and document in the student file.

Consequences: Consequences may include any of the following as required: verbal redirection, assignment of a temporary seat, time out in classroom, student to repair minor damage to the school property. The student will not be left unattended at any time.

#### **Definition and Recourse of Serious Behaviour:**

Definition of Serious Behaviour: Behaviour that results in property damage, wilful defiance, hurting others in the classroom, gym, hallway or playground. Out of control hitting, kicking, biting, tantrums, yelling, throwing objects or bullying. Persistent truancy, use of profane or improper language, uttering threats, persistent opposition to authority, academic dishonesty, or any conduct injurious to the tone of the school or to the physical well-being of others in the school. **There will be zero tolerance for the above-noted behaviour.**

Recourse: Immediate intervention by staff and immediate removal from classroom. The student will be sent to the Administrator's office. Parents or Guardians will be phoned immediately. The student will be suspended.

Suspension: The purpose of suspension is to: caution students and deter them from continuing with or repeating unacceptable behaviour; prevent other students from being exposed to or involved in damaging activities; discipline students who have transgressed the rules of the school; and to advise parents and guardians of serious discipline problems with their children. The primary purpose underlying the implementation of a suspension is to result in a change in behaviour for the student.

The minimum duration of a suspension is one school day and the maximum is three days. In order to determine the duration of a suspension, the Administrator shall consider the pupil's history and any other relevant matters.

Depending on the frequency and severity of a student's misbehaviour, expulsion will be considered.

## **PARENT-CHILD SEPARATION**

It is difficult to know how a child will react in a new situation, such as going to school for the first time or even returning to school for another year. Talking about the new school at home often helps prepare a child. It seems that some children need frequent and repetitive discussions of upcoming routine changes, while others feel more comfortable with short and less frequent discussions.

Over the years we have observed various reactions to parent-child separation. Sometimes children run off happily from their parents, which may make the parent feel that their child must not like being with them. That's not true! Most often, a child only cries until the parent is out of sight, then calms down under the careful, loving attention of a teacher before settling into an activity.

We believe it is often helpful to share some of our thoughts on separation before school actually starts. It's important to let your child know its ok to go and do their work and have fun at school. If you're not sure whether or not your child will react well to being left at school, please let your child's teacher know how to contact you. It is **never appropriate** to sneak off and leave your child. It undermines the trust of leaving and returning. After a parent says goodbye, it's best to make the break, even if sometimes it means "peeling" a child off you!

If you have any questions or additional thoughts on ways to deal with separation with your child, please let your child's teacher know. It often works best to think about separation in advance and to decide on how you will best handle things.

Please remember, just as it is important to you, your child's comfort is of the utmost importance to us. Whatever you can share with us to ensure your child's comfort is greatly appreciated.
